

Call for Papers

LEDSPLaY17

Workshop on Linked Enterprise Data Services, Provenance, Linking and Quality

submission: ~~30 April 2017~~ **14 May 2017**

notification: ~~15 May 2017~~ **2 June 2017**

workshop: 28 September 2017 in Chemnitz, Germany

details: <https://informatik2017.de/ws29-ledsplay17/>

The LEDSPLaY17 workshop brings together scientists, practitioners and domain experts to discuss current issues and new research approaches in the area of Linked Enterprise Data Services. We focus on enterprise and government data management with respect to quality, versioning, evolution and provenance as well as on linking and data fusion of Linked Data. Use cases, trends and ongoing technological developments, as well as current questions and problems from science and practice can be presented to and discussed with a broad specialist audience.

TOPICS OF INTEREST

- Data/Information Quality and Policies
- Formal Models for Data Quality
- Data Quality Measurement and Metrics
- Evolution of Data Quality
- Versioning and Co-Evolution of Linked Data
- Provenance Tracking and Exploitation
- Link and Knowledge Extraction
- Corporate Memory and Big Data/Linked Data Integration
- Data Lakes
- Data Curation
- Smart Data Management and Data Fusion
- Corporate Data and Enterprise Application Development
- Requirements and Business Use Cases for Linked Data
- Trend Mining and Analytics
- Open eGovernment Data
- Semantic eCommerce
